# La Mauricie

**A land of people, a land to play,  
a land shaped by rivers,  
lakes, cities, parks,  
fields and forests.**

A land of every kind of spectacle, from the ones that make noise to the ones you quietly admire in the evening, seated on your porch.

Mauricie is a vibrant land, rich in viewpoints and know-how as far as the eye can see.

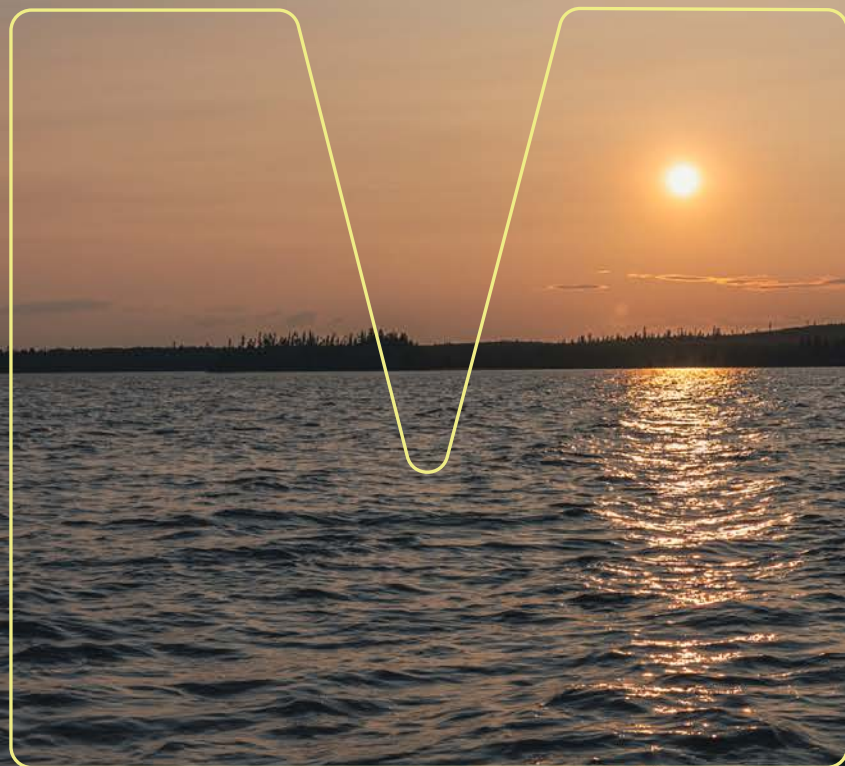

A place to step off the beaten path, even in the city, even in the middle of the street.

A place to build, to explore countless possibilities, especially those yet to be invented.

Because in Mauricie, we know that creating a land of ambitious minds and innovators takes knowledge, curiosity, courage and, above all, people.

People of the land. Resourceful, hardworking builders, tinkerers, technophiles and creative thinkers.

People deeply connected to nature and driven by a passion for it.

# MUST-SEE ATTRACTIONS & OUR TEAM'S FAVOURITES

Everything and its opposite, all in one visit. That's Mauricie. Its 6 distinct territories bring urban experiences and nature within easy reach. Whether you are craving outdoor adventure, culture, agri-tourism or even dreaming of joining a band of cowboys, the region offers a universe of possibilities!

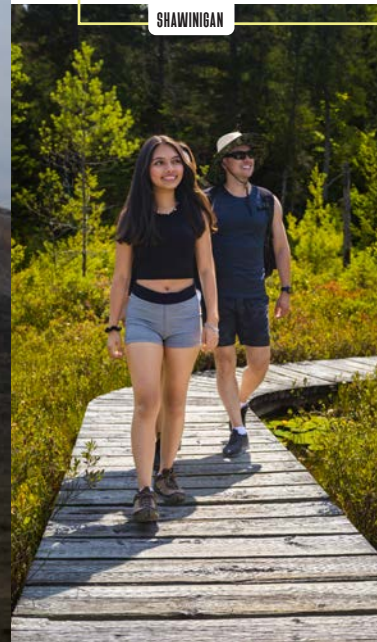

## 1 FESTIVAL WESTERN DE ST-TITE

Welcoming nearly 600,000 visitors each year over ten days of festivities, the Festival Western de St-Tite is a must-see for country fans. Professional rodeos, renowned artists and a festive atmosphere have made it the largest western attraction in Eastern Canada. A must-attend event in September.

## 2 LA MAURICIE NATIONAL PARK

No matter the season, La Mauricie National Park delights outdoor enthusiasts with its raw and authentic nature. Dozens of kilometres of trails invite exploration on foot, by bike, snowshoes or cross-country skis. Add to that: countless lakes perfect for paddling, including the iconic Lake Wapizagonke.

### LES TABLES EN FORÊT DU CHEF FREDÉLYS

I love great food and nature, so the idea of bringing gastronomy into the forest truly spoke to me. Wild mushrooms, forest edibles and local farm products made this a wonderful way to discover Mauricie's flavours in the heart of our greatest natural treasure: our forests. You leave with tips on identifying mushrooms and using them in the kitchen, and of course, a full stomach after enjoying a meal worthy of top restaurants, right in nature.

DES CHENAUX

### 3 POISSONS DES CHENAUX

Every year, nearly 500 heated fishing cabins settle on the frozen river in Sainte-Anne-de-la-Pérade, welcoming smelt fishing enthusiasts, families and groups looking for a great time. During the festival, a variety of activities delight visitors of all ages. A truly unique experience that draws people from far and wide.

### NATURE NATURE

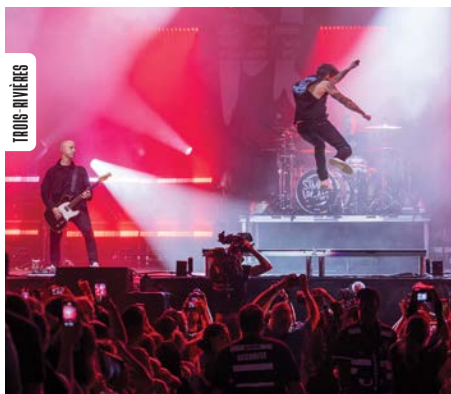

Nature Nature is a peaceful little haven. The mini cabins are cute, well designed, minimalist and fully equipped. A major bonus: they are located right next to La Mauricie National Park, making it easy to enjoy nature. What truly sets them apart - beyond being dog friendly to the delight of my colleague Élise - is the stunning view overlooking the Saint-Maurice River. Without a doubt, one of the most beautiful views in Mauricie.

### 4 LE FESTIVOIX

FestiVoix has become a major musical event in Québec. Over nine days, featuring renowned artists and emerging talent, it animates downtown Trois-Rivières with more than 130 shows on 15 different stages. Each summer, over 300,000 people gather to enjoy unforgettable performances.

### FERME ÉTHIER

Ferme Éthier is our little family ritual. In the spring, we go for tulip picking. I love watching my daughters laugh and run between the colourful rows. Summer is all about berries, and in the fall, we never miss the traditional pumpkin picking. Of course, we always take the opportunity to snap some beautiful family photos... much to my partner's great joy! But what we love most is the atmosphere: the farm animals, the play areas that keep the girls happily busy, and that genuine, welcoming warmth that makes us want to come back again and again.

### 5 INNS IN THE FOREST

Nestled in the heart of Mauricie's nature, accommodations such as Auberge du Lac-à-l'Eau-Claire, Le Baluchon Éco-villégiature, Hôtel Sacacomie, Pourvoirie du Lac Blanc and Seigneurie du Triton charm visitors with their comfort, refined gastronomy, chic yet rustic ambiance and wide range of outdoor activities on site.

### AIRE NATURE GRANDES-PILES

As a big fan of the outdoors and nature destinations where my four-legged child can truly live his best life, I instantly fell in love with Aire Nature Grandes-Piles. The rustic cabins invite you to disconnect, the lake views are stunning and the National Trail is directly accessible from the reception area. It's the most serene and peaceful place in Mauricie. Approved by Wilson, the border collie!

## MONT SM

Mont SM is a mountain biking centre gaining popularity thanks to the quality of its trails. The climb is enjoyable, with routes for all levels, from cross-country to flowy descents and technical sections. Experienced riders will love the black trails for their challenges. And of course, the day ends with a cold drink on the terrace at the base of the trails.

## 6 SANCTUAIRE NOTRE-DAME-DU-CAP

Located along the St. Lawrence River, Sanctuaire Notre-Dame-du-Cap is a major spiritual and cultural site in North America. Each year, over 400,000 visitors enter its unique octagonal basilica and peaceful gardens. Activities take place year-round, including organ recitals, the Assumption Novena and Christmas celebrations.

TROIS-RIVIÈRES

## ESCAPARIUM DE L'ÉNERGIE

I'm a huge escape room fan. I often travel across the province to test my skills at escaping locked rooms (hey, everyone has their passions, OK?!), and I only have one thing to say about the first scenario created at Escaparium de Shawinigan: WOW. The quality of the puzzles, the storyline and the sets makes the experience incredibly immersive. No wonder it ranks 49<sup>th</sup> in the world! And just saying, I finished 15 minutes early. I challenge you to beat that. 😊

TROIS-RIVIÈRES

## 7 DOWNTOWN TROIS-RIVIÈRES

Each summer, downtown Trois-Rivières comes alive with festivals, cultural events and nightlife. Museums, art galleries, the historic district, local cuisine and major events like FestiVoix, the International Poetry Festival, DANSEcore and performances at the Cogeco Amphitheatre all contribute to its vibrant atmosphere.

## LE RENARD - CAFÉ + BUVETTE PAR LE BUCK

Le Renard is a lovely café and wine bar in downtown Trois-Rivières, operated by the Buck team. As expected, the experience was outstanding. Shareable plates, a lively atmosphere and a menu inspired by seasonal arrivals made every bite a surprise, even for a foodie like me. Add a glass of natural wine before a show, and you've got the perfect evening. If you're looking for a place to eat well without overthinking it, add Le Renard to your foodie wish list.

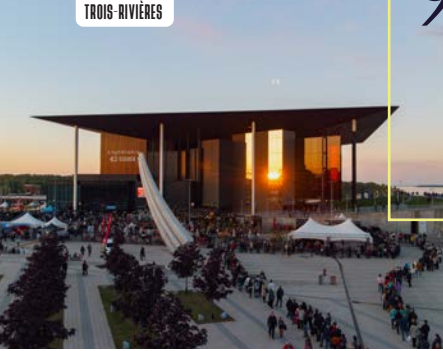

## 8 SAINT-MAURICE RIVER

Once a transportation route for Indigenous Peoples and the fur trade, the Saint-Maurice River became iconic through log driving. Today, it is a vast aquatic playground between La Tuque and Trois-Rivières, offering countless adventures in a spectacular setting.

## 9 COGECO AMPHITHEATRE

Located at the confluence of the Saint-Maurice River and the St. Lawrence River, Cogeco Amphitheatre hosts major outdoor shows each summer. A highlight not to miss: the colourful Cirque du Soleil performances. In winter, the venue transforms into a warm and inviting indoor cabaret.

## 10 CITÉ DE L'ÉNERGIE

An internationally renowned tourist complex and a landmark of Shawinigan, La Cité de l'Énergie features a 115-metre observation tower, a multimedia show and the *Planète Énergie* exhibition with 20 interactive stations. Visitors can also explore the Jean Chrétien Prime Minister Museum, highlighting Canada's influence on the world stage. In summer, the Quebecor Amphitheatre hosts *ilia*, a 360-degree immersive multimedia show.

**LE RANCH DUPONT**

Amélie

As a mom, I'm always looking for warm, accessible, human-scale places that the whole family will enjoy. For me, Ranch Dupont checks all the boxes, to the point where we bought an annual pass. This small conservation ranch is dedicated to helping animals in need and preserving endangered species. On our end, it's a great opportunity to learn more about them (my daughter completely fell in love with the lemurs!), while spending meaningful family time together.

# MASKINONGÉ

## Like fish in water!

West of the Saint-Maurice River, waterways flowing down from the hills, including the Maskinongé, Loup and Yamachiche rivers, cross villages before reaching Lake Saint-Pierre. These rivers guided Indigenous peoples, shaped early settlements, inspired traditions and even gave the territory its name, borrowed from a large fish more impressive than pretty. Here, water defines the landscape and carries stories from one generation to the next.

## Stories unfolding from north to south

In the north, nature becomes denser. Deep forests, vast parks and hundreds of lakes create a setting ideal for hiking, paddling and extended stays – sometimes in rustic camps, more often in welcoming inns. This is a place where tranquility prevails and where light, seasons and the calming presence of water set the rhythm. Locals take the time to share the stories of trails and lakes they have known all their lives.

Moving south, the landscape softens. Farmlands, historic homes and country roads reflect skills and traditions that continue to thrive. People here celebrate what the land and forest provide. Some cultivate and harvest, others create and transform local resources into distinctive products or spirits. Encounters happen naturally: a producer waving hello, an artisan proudly opening their workshop, a chef speaking with passion about the flavours they love to combine.

From the river's wetlands to northern mountain parks, from rivers winding through villages to the open fields of the south, each landscape reveals a different facet of the region. Maskinongé is simple and welcoming, a place where every visit leaves behind a small story of its own.

## Welcome!

At the Baie-de-Maskinongé rest area, the Tourist Information Office is often visitors' first introduction to the region. Discover local products, handcrafted creations and a wide range of recommendations that reflect the warmth and generosity of the people who call this place home.

# TROIS-RIVIÈRES

## One city, a thousand reasons to fall in love

A thousand must-see attractions to discover, a thousand stories to tell, and a thousand reasons to come back again. Here, everything is just steps away. Those who know the secret agree: Trois-Rivières has a unique energy, and once you experience it, you cannot help but want to stay a little longer.

## A vibrant hub, an essential stop

Trendy restaurants, lively patios, captivating museums and internationally renowned events make the regional capital an essential stop when visiting Mauricie. With its wide range of accommodations and the richness of its tourism offering, Trois-Rivières is the perfect home base for settling in and exploring the entire region.

For nearly 400 years, the city founded by Lavolette has continued to shine without losing its charm or festive spirit. Visitors discover it through its character-filled streets, cultural buzz, gourmet addresses, and spectacular viewpoints overlooking the Saint Lawrence and Saint-Maurice rivers.

Both dynamic and easy to explore, Trois-Rivières invites you to see it all — though time may run short, as treasures abound. It is a place that rewards those who choose to wander. Looking to unplug? Treat yourself to a memorable getaway in Trifluvian territory.

## A timeless heritage city

As the second-oldest French-speaking city in North America, Trois-Rivières invites visitors to step back in time in its charming historic district. This postcard-worthy area brings the daily life of early settlers back to life, and strolling its streets remains the best way to experience its authenticity.

Here, past and present coexist in perfect harmony. Art galleries, studios and artist residencies now occupy carefully preserved heritage buildings. Nearby, Boréal's Museum tells the fascinating story of forestry workers through immersive exhibitions. The iconic Amphithéâtre Cogeco, marked by the large "Trois-Rivières" letters, captivates visitors with its award-winning architecture and stunning river views.

Once an important trading post under Louis XIV, the city is also the birthplace of Canadian industry. Founded in 1736, the Forges du Saint-Maurice, now a National Historic Site, offers a must-see immersive experience.

Historic heritage in the south, industrial memory in the north, and so much more to discover in between. From Plein Air Ville-Joie, a summer paradise for families with its beach on Lake Saint-Pierre (a UNESCO World Biosphere Reserve), to the Notre-Dame-du-Cap Shrine, Trois-Rivières continues to surprise those who take the time to explore.

## A city of culture and celebration

Recognized for its artistic vitality and as a former Cultural Capital of Canada, Trois-Rivières charms visitors with its festivals, international events and bold exhibitions. Turn a corner and the city becomes a stage, where musicians, actors, dancers and visual artists bring a vibrant creative energy to life.

Each summer since 2015, Cirque du Soleil has presented an exclusive production in Trois-Rivières celebrating Québec culture. The Museum Pass provides access to a dozen major attractions, including Musée POP, the Old Prison and the Ursuline Museum.

## A haven for food lovers

Welcoming cafés, friendly bistros, inventive microbreweries, fine dining tables and artisanal bakeries... Trois-Rivières delights food lovers. Chefs proudly showcase local flavours, highlighting wild mushrooms, forest edibles and regional ingredients through inspired creations.

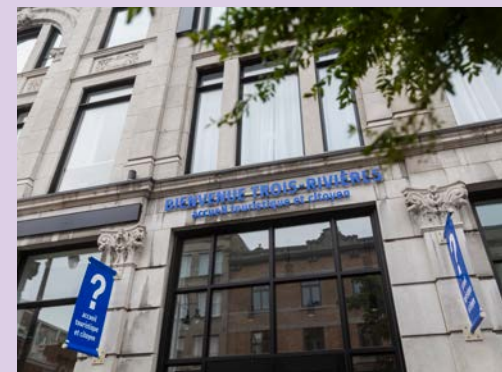

## Nature at the heart of the city

Balancing urban energy with nature escapes, Trois-Rivières finds the perfect harmony. Just minutes from downtown, Saint-Quentin Island and Maïkan Aventure offer privileged access to outdoor spaces where visitors can breathe, move and unwind without ever leaving the city.

## A reimagined welcome centre

Located downtown, Bienvenue Trois-Rivières welcomes visitors and residents seeking information, services or support for settling in. A friendly and professional team is there to guide everyone with care and genuine hospitality.

# DES CHENAUX

Our slogan, *So close*, reflects who we are: a place defined by our closeness to people and to the land.

Located about 30 minutes from Trois-Rivières and less than an hour from Québec City, this region remains one of Mauricie's best-kept secrets. Yet those who take the time to explore its roads quickly uncover the richness of its 10 municipalities, each offering its own stories, landscapes and local know-how.

Let yourself be carried away by the richness of our built heritage, including a journey along the Sacré Circuit. Tune in to the La voix des bâtisseurs audio discovery tour, savour the sugaring-off season at local maple farms, or meet the producers, market gardeners and restaurateurs found throughout the region.

**The RCM of Des Chenaux is a hidden gem, shaped by two rivers that can be calm or powerful depending on the season. The Sainte-Anne River is peaceful in summer and comes alive in winter, glowing with the lights of ice-fishing cabins. The Batiscan River is just as captivating, with waterfalls that range from gentle cascades to rushing torrents.**

## So... active!

Outdoor adventures are part of everyday life in Des Chenaux. Thrill-seekers can test themselves on the Via ferrata at Parc de la rivière Batiscan, followed by an exhilarating zipline crossing over the river. Hiking trails lead to impressive waterfalls, their rumble echoing along the way.

At Domaine Enchanteur, excitement awaits with a suspended maze featuring 70 aerial modules. In winter, the landscape transforms into a magical setting with 15 kilometres of ice skating trails winding through animal parks. Visitors can also enjoy a horse-drawn sleigh ride through the forest, wrapped in warm blankets, or try ice fishing for tomcod on the Sainte-Anne River, comfortably settled in a heated fishing cabin. A lively place where activities bring people together year-round.

## So... delicious!

Come and enjoy the many delicious flavours our region has to offer. In summer, picking fresh fruit straight from the fields becomes a simple pleasure, with strawberries, raspberries, blueberries, apples and pumpkins in season. Along the way, gourmet stops abound: microbreweries, cheese shops, bakeries, vineyards, farms, specialty food shops and local markets dot the landscape.

**We are truly “So close” to our land.**

**A region made for memorable moments, every single time.**

# SHAWINIGAN

## A city in the heart of nature

Those who know Shawinigan agree: one of its greatest strengths is how quickly it transports you into breathtaking natural landscapes while still offering easy, fast access to a vibrant downtown and its charming village centres. Its great restaurants, cosy bistros, microbreweries, cafés, bakeries and shops with unique products are where you will find a little fun and comfort between two nature outings.

When it comes to culture, the city has a wide range of entertainment activities and shows to offer, along with many hidden gems waiting to be discovered. What makes Shawinigan a special place is just the right balance of nature and city life, like an urban cottage, it's a perfect vacation destination!

## La Mauricie National Park, an open-air playground

A great base camp for your outdoors adventures, come get your dose of nature at La Mauricie National Park! Summer trippers: you are going to love the hiking, canoeing and waterfalls. If snow is your thing: marked trails and heated cabins are great for snowshoeing and cross-country skiing.

During the day the park is magnificent and at night it is truly majestic! Some people say they have never seen so many stars in the sky. You can observe them from one of the 3 camping sites, around an open fire or lying on a picnic table. And if you like falling asleep to the sound of flowing water, your best bet is to book a canoe-camping adventure.

## La Cité de l'énergie: Unique and unmissable

An internationally renowned attraction, La Cité de l'énergie offers an immersive, entertaining and educational experience centred on the history of Shawinigan, hydroelectric power and science. Explore permanent exhibitions, enjoy a multimedia show on energy, then climb to the top of the Hydro-Québec observation tower for a stunning 360-degree view of the city and the Saint-Maurice River.

The experience continues with guided tours of historic hydroelectric power plants, offering a rare behind-the-scenes look at these remarkable sites. In summer 2026, La Cité de l'énergie will welcome the Canadian Aluminium Museum, a brand-new museum complex housed in a former smelter. Immersive exhibitions and interactive activities will bring to life the story of aluminium and the industry that shaped Shawinigan's identity.

As night falls, take a seat for *ilia*, an outdoor immersive and multisensory show presented at the Québec Amphitheatre, a unique 360-degree rotating structure set within a striking natural landscape.

Located less than five kilometres from downtown, it features engaging exhibitions on the fur trade, Coureurs des Bois, log driving, wildlife, natural resources, biomass and geology. Visitors also discover the stories of two remarkable local figures, Anne Stillman-McCormick and Félix Leclerc.

The park offers activities for all ages, including an observation tower, cycling paths, picnic areas, playgrounds and a spectacular waterfall. In summer, a lively program animates the site. In winter, an outdoor skating rink and snowshoe trails invite visitors to enjoy the snowy landscapes. Sports equipment and outdoor games are also available on site.

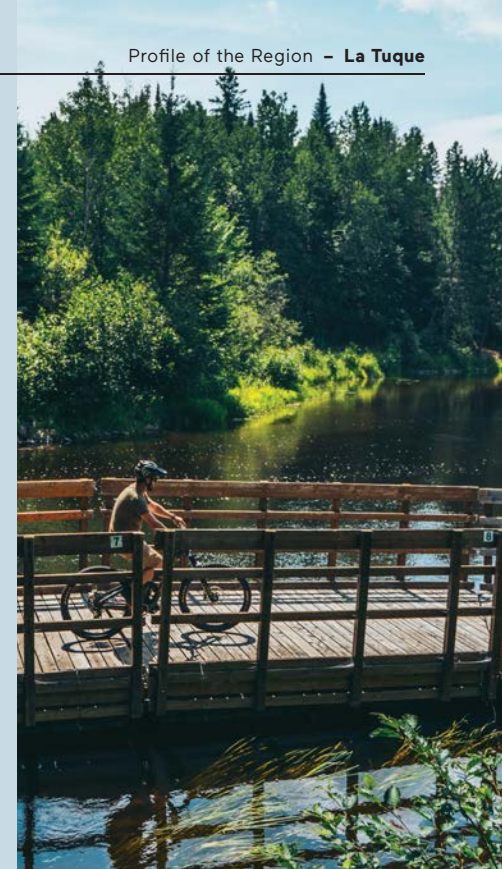

## Playing outside in La Tuque

In La Tuque, outdoor adventure knows no season. Hiking, mountain biking, cycling, hunting, fishing, boating, canoeing, kayaking, paddleboarding, alpine skiing, snowshoeing, cross-country skiing, ATV riding, snowmobiling, photography, birdwatching and foraging for berries and mushrooms are all part of the experience.

A wide range of accommodations allows visitors to extend their stay, from cabins and ready-to-camp units to lodges, motels, apart-hotels, campgrounds, outfitters and ZECs. It is even possible to spend the night beneath the wing of your own airplane.

Shows, cinemas, libraries, shops, restaurants and a local microbrewery round out the offer. Here, residents are eager to share what they love about their city. If you enjoy fun and adventure, head to La Tuque. Genuine people, outdoors and indoors alike.

# TRAVELLING IN QUÉBEC

## Bars, casinos and purchasing alcohol

You must be at least 18 years old to enter bars, pubs, nightclubs and casinos, as well as to purchase or consume alcohol (be prepared to produce ID if asked). Wines and spirits are sold through the Société des Alcools du Québec (SAQ), the provincial liquor board. Beer is available at grocery and convenience stores, which also stock a limited selection of wines.

## Currency exchange

There are numerous exchange offices in Québec's main urban centres. Airports also offer exchange services. Some businesses accept American money, but tend to offer a less competitive rate than the exchange offices.

## Driving in Québec

Since Canada uses the metric system, speed limits and distances are posted in kilometres per hour (km/h) and gasoline is sold by the litre (l).

## Cell phones

Use of a cell phone is prohibited while driving.

## Drugs and driving

This Act introduces a zero-tolerance principle when it comes to drugs and driving by prohibiting anyone from driving a vehicle if there is a detectable presence of cannabis or any other drug in that person's saliva. Offenders are subject to an immediate 90-day suspension of their driver's licence.

According to the law, you must be at least 21 years old to purchase or consume cannabis (be prepared to produce ID if asked). The legislation also includes other measures, such as the prohibition from consuming drugs (cannabis or any other drug) in a road vehicle, on an off-road vehicle or on a bicycle.

## Winter tires

From December 1<sup>st</sup> to March 15, all taxis and passenger vehicles registered in Québec must be equipped with winter tires. This requirement also applies to rental passenger vehicles in Québec.

## Road conditions

For information on road conditions or other aspects of trip-planning, call 511 or 1 888 355-0511, or visit [quebec511.info/en/](http://quebec511.info/en/).

## Tourist routes

The official tourist routes are clearly marked with blue signs. They are designed to highlight the attractions of the regions through which they pass, and to enable visitors to discover the extent of Québec's natural and cultural treasures. [bonjourquebec.com/en-ca/where-to-go/routes-and-itineraries](http://bonjourquebec.com/en-ca/where-to-go/routes-and-itineraries).

## Tourist signage

In Québec, tourist regions and directions to services, attractions and activities are indicated by blue road signs. For more information, visit [quebec.ca](http://quebec.ca).

## Village-relais accredited services

If you feel like taking a break or require assistance while on the road, look for the Village-relais signs. These point to villages that, together with local businesses, offer a range of accredited services and a safe and pleasant place to stop. [villages-relais.qc.ca](http://villages-relais.qc.ca).

## Voltage

In Québec, the standard voltage is 110 volts/60 cycles, as it is throughout North America. Since the outlets cannot accommodate European plugs, you will need to bring or buy an adaptor.

## Making a comment or conveying dissatisfaction

If you wish to comment on or are dissatisfied with the tourism services you received in Québec, please contact:

**Alliance de l'industrie touristique du Québec**  
1 877 686-8358, option 1  
[plaintes@allianceturistique.com](mailto:plaintes@allianceturistique.com)

## Canadian currency

The legal currency in Québec is the Canadian dollar (CAD), which is divided into 100 cents. Bank notes are available in denominations of 5, 10, 20, 50 and 100 dollars, and coins in denominations of 5, 10 and 25 cents as well as 1 and 2 dollars. Bank cards and major credit cards are also accepted almost everywhere.

# Mékinac

Where the story tells you to slow down

Mékinac is a place that invites you to linger.  
Between lakes and villages, time moves at its own pace.  
Because some stories aren't meant to be rushed.
